Displacement	1,300kg	Location	Southampton United Kingdom
Year	2019	Length Overall	7.80m
Draft	0.35m	Hull	GRP Planing Hull
Engine	Yamaha 300 HP outboard		

The Agapi 800 Cabin RIB is a unique, top class lightweight and fuel efficient boat designed to suit a modern lifestyle. Located in Southampton and built in 2019, it measures 7.80 metres in length with a 2.55-metre beam.

This versatile boat offers outstanding performance and ease of handling, with a 300hp Yamaha outboard engine delivering powerful and economical performance. Its interior features a cabin with a double berth at the front, heating, a toilet, and galley facilities, ensuring comfort for extended trips. The versatile canvas cover allows for adaptability between open and enclosed configurations, making it suitable for any weather. Equipped with a Zipwake trim tab system for optimal trim and safety features like the bow thruster, fuel cut off and fume alarm, it is perfect for day outings, exploring, or water-skiing. The boat comes fully equipped with features like Hypalon Orca tubes, a Webasto heating system, fridge, gas hob, and modern navigation

technology like the Garmin chart plotter.

This boat is also very easily trailerable - a twin axle trailer is available at additional cost.

This excellent condition Agapi 800 cabin RIB with Yamaha 300hp outboard. Safe and fun to handle, outstanding performance and easily trailerable. This Agapi 800 comes with a 12" chart plotter, bow thruster, cooker, fridge and heating. The forward cabin has a 200cm double berth with Webasto diesel heating. The T-top has a solar panel, horn and spot lights and there is a transom shower and swim ladder.

The Agapi 800 is a unique top class, lightweight and fuel-efficient boat designed to suit a modern boating lifestyle. Safe and fun to handle, outstanding performance and easily trailerable. The Agapi 800 features an interior cabin with plenty of space and sociable seating areas. There is a 200cm double berth forward. This comfortable Cabin RIB has a clever, versatile canvas cover arrangement, Solar panel, bow thruster, heating, toilet and galley facilities, so you can enjoy spending more time on board. The front sunbed cushion sits snugly on the foredeck with handrails on both sides for safety. The 300hp Yamaha engine gives you effortless performance. Whether its taking out guests for the day, exploring waterways, or trying a little water- skiing – you can be comfortable knowing your boat is economical and wont use up too much fuel.

### Comfort , Performance and Economy

This boat has a very clever, versatile canvas arrangement allowing a more open boat in hot weather and fully enclosed in colder, wetter weather. This, along with heating, toilet and galley facilities, mean you can enjoy spending more time on board throughout the year.

The Yamaha 300hp engine gives you effortless performance and the Zipwake trim tab system keeps the boat flatter and at the correct trim. Whether its taking out guests for the day, exploring new waterways, or trying a little water- skiing – you can be comfortable knowing your boat is economical and safe.
